Analysis:

During the analysis of the above table it is observed that the parameters in the scale range of 4 and 3 are ranked higher (about 75%) in all the parameters. Based on the survey provided by the students it is observed that majority of the students are satisfied with the faculty teaching learning process and the efforts taken by the institution to increase students learning through continuous monitoring, experiential/participative learning methods, extracurricular and co-curricular activities and the resources provided for the teaching learning process.

Action plan:

1. Suitable suggestions will be given to take necessary initiatives to promote Internship, student exchange and field visit opportunities for students
2. More number of meetings and individual interaction with the students to be increased.

STUDENT FEEDBACK: FACILITIES- ACTION TAKEN REPORT

The Feedback from the students on the various parameters was received and consolidated. Based on the analysis report it is found that the item No. 6 and item No.13 (The institute takes active interest in promoting internship, student exchange, field visit opportunities for students and Teachers are able to identify your weaknesses and help you to overcome them.) has been graded on an average compared with other statements.

Based on the above report an action plan was suggested to increase the number of field visit and to conduct frequent meetings with students for solving and meeting the requirement of the item No.6 and 13.

Action taken:

The following action has been taken to address the problems:

1. Students have been allowed to visit industries related to their core subjects.
2. Interaction with the students has been increased by conducting frequent meetings.
