STUDENT FEEDBACK: FACILITIES

Internal Quality Assurance Cell (IQAC) of the Institution conducts a survey on the facilities of the institution from all the students every year. The survey is assessed for the facilities with the parameters such as Learning environment, Wi-Fi, Infrastructure and services provided by the food court, hostel amenities, Library, Health centre and ambulance service in the campus, banking facility inside the campus, sports and gym facilities and transport available for reaching the campus. The parameters are individually accessed based on the student's satisfaction on the facility. To assess the facility a value of 75% of the students must either agree or strongly agree the individual parameter. If the parameters does not meet the required outcome necessary actions will be taken to meet the requirement of the students.

Table 1. Feedback from students on facilities (2025-2026)

S.No	Parameters accessed	Response in percentage				
		Strongly agree	Agree	Disagree	Strongly Disagree	Neutral
1.	The classrooms and laboratories provide a clean and conducive learning environment.	46	33.4	1.9	9	9.7
2.	Internet and Wi-Fi connectivity is sufficiently available across the campus.	31.5	25.6	10	12.8	20.1
3.	The food court/canteen offers adequate facilities and satisfactory services.	31.5	27.8	7.5	10.6	22.5
4.	Transportation facilities provided by the institution are sufficient and reliable.	44.1	34.5	2.3	7.8	11.2
5.	Hostel facilities are adequate and the living environment is comfortable.	34.5	32.8	4	8.9	19.9

6.	The library has a satisfactory collection of books and learning resources.	51.1	32.2	1.5	7.4	7.8
7.	Health centre and ambulance services are accessible and functional on campus.	45.9	34.4	1.4	8	10.4
8.	Banking services are available and easily accessible within the campus.	41.4	35.5	2.3	8	12.8
9.	Sports and gym facilities are adequate and well-maintained.	36.3	30.8	4.1	9.1	19.6
10.	Toilets and washrooms are hygienic and regularly maintained.	36.5	30.3	6.3	9.9	17

Analysis:

From the above table, it is observed all the parameters are ranked under “Strongly agree”, “Agree” and “Neutral” (above 75%) such as sports and gym facilities, maintenance of washroom, banking facilities, number of buses, Hostel facilities, Food court’s infrastructure and services. The students have reported the facility Internet and Wi-Fi connectivity is found to have the lowest rank (77.1%)

Action to be taken:

The following action has been taken to address the problems

- Internet connectivity will be checked and maintained regularly. This ensures smooth, fast, and reliable access across the campus.

STUDENT FEEDBACK: TEACHING AND LEARNING PROCESS

Internal Quality Assurance Cell (IQAC) of the Institution conducts Students Satisfaction Survey from all the students every year. The Student's Satisfaction survey helps to upgrade the quality in Higher Education. A Student will respond to questions related to Teaching Learning Process, opportunities provided by the institution to the students to learn and grow, teaching methodologies adopted for enhancing learning experiences and Efforts made by the institution to inculcate employability skills. The parameters are individually accessed based on the student's satisfaction on the facilities provided. To assess the facility a value of 75% of the students must either agree or strongly agree the individual parameter. If the parameters does not meet the required outcome necessary actions will be taken to meet the requirement of the students.

20.	The overall quality of teaching-learning process in your institute is very good.	64.2	29.7	5.6	0.4	-

Analysis:

During the analysis of the above table it is observed that the parameters in the scale range of 4 and 3 are ranked higher (about 75%) in all the parameters. The students have reported the component the institute takes active interest in promoting internship, student exchange, field visit opportunities for students is at minimum rank with 90.6%.

Action to be taken:

The following action has been taken to address the problems

- Increase internship, student exchange, and field visit opportunities by establishing additional MoUs with industries and higher education institutions, and ensuring every department conducts these activities.
- A structured monitoring mechanism is established to track student participation in internships, exchanges, and field visits each semester, with periodic reviews to improve participation and outcomes.

FACULTY FEEDBACK: FACILITIES

Internal Quality Assurance Cell (IQAC) of the Institution conducts a survey on programme curriculum, teaching learning process and support & opportunity provided by the institution to the faculty. The survey is gathered to analyze the institution parameters which will help us improve the quality of our Institution in turn creating a better learning space for the students and learning & working environment for faculty.

Table 3. Faculty Feedback survey (2025-2026)

S.No	Parameters accessed	Response in percentage				
		Strongly agree	Agree	Neutral	Disagree	Strongly Disagree
1.	The institution encourages participatory decision-making by involving faculty at various levels.	62.2	33.3	3.2	-	1.3
2.	Faculty are actively involved in designing and developing the course curriculum.	69.9	26.9	1.9	-	1.3
3.	Faculty have the freedom to adopt innovative teaching methods and invite external experts for academic events.	71.8	25	1.9	-	1.3
4.	The examination and evaluation system followed by the institution is effective and fair in assessing students' academic performance.	66	31.4	1.9	-	0.6
5.	The library offers adequate learning resources including books, journals, and e-resources.	72.4	25	1.9	-	0.6

6.	The procurement process for equipment and software in the department is fair and transparent.	60.3	32.7	6.4	0.6	-
7.	Laboratories are sufficiently equipped to provide hands-on training and support research work.	57.1	38.5	3.2	0.6	0.6
8.	The institution supports faculty by providing academic leave, financial assistance for participation in national/international events, and encourages research and start-up activities.	69.9	25	4.5	-	0.6
9.	ICT facilities, classrooms, furniture, and washrooms are adequate, clean, and well-maintained.	54.5	39.1	2.6	3.2	0.6
10.	The college has an effective grievance redressal system, and faculty are free to express their opinions and suggestions.	59.6	32.7	5.8	1.3	0.6

Analysis:

From the above table, it is observed that majority of the parameters are ranked under "strongly agree and agree" (above 75%) such as decision making by the faculty, examination and evaluation system, support provided by the institution in research and startup activities, financial support provided to attend the national and international conference, grievance redressal system, procurement of equipment in the laboratories and the examination & evaluation system followed in the Institution. From the above table, the item No. 10 (The college has an effective grievance redressal system, and faculty are free to express their opinions and suggestions) gives ranking of 92.3%.

Action to be taken:

The following action has been taken to address the problems

EMPLOYER FEEDBACK: FACILITIES

Internal Quality Assurance Cell (IQAC) of the Institution conducts a survey with the Employers on the aspects reflecting the professional qualities and behavioral competencies expected in a productive and growth-oriented workplace and an individual's ability to contribute effectively to organizational success through practical problem-solving, creativity, responsibility, adaptability, collaboration, and continuous improvement. To understand the satisfaction of the employer the parameters such as the strongly agree and agree rating are considered, in which the parameters that does not meet the required value of 75% are considered for further action to be taken. The inputs help in nurturing future-ready engineers and managers by enhancing institutional practices.

Table 6. Employer Feedback survey (2025-2026)

S.No	Parameters accessed	Response in percentage				
		Strongly agree	Agree	Neutral	Disagree	Strongly Disagree
1.	Providing practical solutions to workplace problems.	37.5	25	12.5	12.5	12.5

10.	Has achieved notable accomplishments and accolades within the organization.	37.5	37.5	12.5	-	12.5

Analysis:

From the above table, it is observed that all of the parameters are ranked above 75%. From the above table, the item No. 1 (Providing practical solutions to workplace problems.) shows minimum percentage of about 62.5.

Action to be taken:

The following action has been taken to address the problems:

Strengthen problem-solving and application-based learning by incorporating more industry-oriented projects, case studies, internships, and real-time problem-solving activities into the curriculum, enabling students to develop practical solutions to workplace challenges.
